

Tester Name		Testing Date	/ / 2026
Environment	☐ Localhost (Port 3000/3001) ☐ Production (khrlabs.vercel.app)	Overall Status	☐ PASS ☐ FAIL ☐ RE-TEST

SECTION 1: SAAS LANDING PAGE & REGISTRATION FLOW

Testing the public brand presence, contact sync, and school self-onboarding request forms.

TC-1.1: Brand Header & Visual Typography

Action: Open landing page. Inspect the top-left branding header.

Expected: Brand logo (emblem icon) loads sharp. The written text says "KHR Educo" (Royal Blue "KHR" and Electric Orange "Educo").

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

TC-1.2: Support Contact Alignment

Action: Scroll down to landing contact options. Review Email & WhatsApp.

Expected: Email shows "sales@khreduco.com" (or your support email) and WhatsApp shows "+92 345 7685122" dynamically.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

TC-1.3: School Onboarding Request Submission

Action: Click "Register Your School". Fill out Step 1-3. Submit request.

Expected: Submits with clean spinner. Shows success screen, prompts user with a quick direct chat link to "+92 345 7685122".

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

SECTION 2: SUPER ADMIN PORTAL (MASTER CONTROL)

Testing master platform-level credentials, registrations, approvals, and suspension triggers.

☐ TC-2.1: Authentication & Brand Header Alignment

Action: Navigate to Login. Enter Super Admin master credentials. Sign in.

Expected: Enters dashboard. Top navbar displays "KHR Educo" text, the brand logo, and a prominent "Super Admin" label.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

☐ TC-2.2: Active School Directory & Suspension Toggles

Action: Open "Requests". Approve test school (e.g. Matrix Academy with ID: matrix-01). Suspend the school, then reactivate.

Expected: Status changes in real-time in the schools directory database. Seeding scripts create corresponding admins/infos table rows automatically.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

SECTION 3: SCHOOL LOGIN PORTAL & SUSPENSION GATEWAY

Testing tenant routing, suspension modals, and secure platform branding indicators.

☐ TC-3.1: Suspended School Interception

Action: Attempt to log in with school ID matrix-01 while the school status is suspended.

Expected: Authentication is blocked. Overlay modal flashes "School Account Suspended" and shows WhatsApp button pointing to "+92 345 7685122".

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

☐ TC-3.2: Successful Login & Infrastructure secure badge

Action: Reactivate school. Fill credentials. Inspect login card footer. Sign in.

Expected: Login succeeds. Login card has the branded secure badge " Infrastructure secured by KHR Educo" at the bottom.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

SECTION 4: SCHOOL ADMIN PORTAL — SETUP, HR & FACULTY

Testing navigation branding, Section setups, subject registers, and employee databases.

☐ TC-4.1: Sidebar Power-Branding Indicator

Action: Expand left sidebar. Scroll down to base menu.

Expected: Elegant footer block reads "[SCHOOL_NAME] PORTAL — Powered by KHR Educo".

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

☐ TC-4.2: Curriculum definition & Faculty onboarding

Action: Create "Class 9th" with sections and core subjects. Add a Class Teacher.

Expected: Records save and load flawlessly. Core settings populate all dropdowns in other dashboards.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

SECTION 5: ADMISSIONS & STUDENT PROFILE ISOLATION

Testing enrollment, student roll numbers generation, and multi-tenant data barriers.

☐ TC-5.1: Student Admission Form Processing

Action: Enroll test student (e.g., Haris Khan) with father's name, phone, address in Class 9-A.

Expected: Unique Student ID / Roll Number generates automatically (e.g. S9-001) and student populates registries.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

☐ TC-5.2: Multi-Tenant Data Barriers (CRITICAL)

Action: Log into school account alpha-02. Perform lookup searches for "Haris Khan".

Expected: Haris Khan is completely hidden/invisible. No data leaks occur between tenants.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

SECTION 6: ATTENDANCE REGISTERS & QR TRACKING

Testing roll-calls, manual entries, and QR code arrivals automation.

☐ TC-6.1: Manual Attendance sheet submission

Action: Select Class 9-A, current date. Load register. Toggle Present/Absent. Submit.

Expected: Records save and percentage aggregations update immediately.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

☐ TC-6.2: QR Arrival scan automation

Action: Open QR scanner page. Scan student's QR ID card.

Expected: Flash green success border, plays chime tone, registers immediate arrival in attendance log.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

SECTION 7: FEE LEDGERS, VOUCHERS, DISCOUNTS & ARREARS

Testing bill generation, discount application, rolling arrears and print layouts.

☐ TC-7.1: Bulk Voucher generation & Discounts

Action: Generate bulk invoices for May 2026. Apply discount to student Haris Khan.

Expected: Total outstanding adjusts automatically. Previous arrears are carried forward.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

☐ TC-7.2: Partial payments, Rolling Arrears & Printed invoices

Action: Record a partial payment. Inspect receipt invoice. Print receipt.

Expected: Unpaid amount becomes outstanding Rolling Arrears. Printed document matches preview.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

SECTION 8: ACADEMICS, GRADING, REMARKS & PRINTED REPORT CARDS

Testing grading boundaries, remark persistence, and beautiful co-branded PDF transcript printouts.

☐ TC-8.1: Exam Gradebook Entry & Automatic Letter Grades

Action: Enter Term Marks. Enter grades. Submit.

Expected: Math grades write successfully and calculate standard grade boundaries (A+, B, etc) automatically.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

☐ TC-8.2: Persistent Teacher Remarks System

Action: Type a customized remark for a student. Save remarks. Navigate away and back.

Expected: Custom remarks persist in database and load instantly back inside the progress worksheet.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

☐ TC-8.3: Single-Page A4 Printed Report Card & Branded Footer

Action: Open printed report card preview. Inspect bottom margin.

Expected: Layout sits cleanly on one A4 page. Base validation reads: "Official transcript generated via KHR Educo Smart Platform".

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

SECTION 9: STUDENT/PARENT PORTAL GATEWAY

Testing credentials, student sidebar branding, results worksheets, and payment histories.

☐ TC-9.1: Student Login & Dynamic Side Navigation Footer

Action: Login as student Haris Khan. View main layout.

Expected: Access granted. Sidebar features branding "Matrix Academy PORTAL — Powered by KHR Educo" at bottom.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

☐ TC-9.2: Fee ledgers & Result verification

Action: Check dynamic Fee tabs and Results worksheets inside student panel.

Expected: Exact billing items, recorded partial payments, letter grades, and custom remarks load instantly.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

SECTION 10: WHATSAPP NOTIFICATION AUTOMATIONS

Testing SMS/WhatsApp templates and KHR secure messaging footers.

☐ TC-10.1: Payment Received Alerts Layout

Action: Generate a fee payment received alert from fee logs dashboard.

Expected: Text contains payment summary + platform notice: "Payment processed. System secured by KHR Educo Support".

Verification Result: ☐ PASS ☐ FAIL ☐ N/A

SECTION 11: DATABASE BACKUPS & INFRASTRUCTURE RESILIENCE

Testing backup scripts and physical offline archive files compilation.

☐ TC-11.1: Database Daily Backup Compilation

Action: Execute manual daily_backup.bat or backup_database.js.

Expected: Compiles fully structured SQL backup schema and dumps compressed file with date stamp inside backups folder.

Verification Result: ☐ PASS ☐ FAIL ☐ N/A
